

Medical Terminology 80 Hours

Overview

Common medical terminology is a critical part of the language used by health care practitioners. It is essentially a vocabulary that requires a uniform pronunciation, definition, and spelling of terms used by professionals. Individuals with medical terminology training are capable of analyzing and interpreting medical reports related to specific body systems.

This program is appropriate for adults looking to learn new job skills, refresh or refine existing healthcare knowledge, or improve occupational performance by possessing a better understanding of medical terms.

This course discusses word construction and meanings that together characterize medical language. You must have access to the Internet to complete this program. At the end of this course, you'll be able to:

- Identify medical terms and words by their component parts
- Define the body structure and its systems, cavities, planes, and positions
- Explain the importance of medical terminology in healthcare professions
- Define and build the medical terms associated with the body systems

Outline

Medical Terminology Module 1 Medical and Anatomical Terminology

- Word Root/Combining Forms
- Prefixes & Suffixes
- Word Examples Using Word Parts
- Information Frame
- Spell Check Tips
- Review Exercises

Medical Terminology Module 2

Blood Cells, Cardiovascular and Lymphatic Systems

- Word Root/Combining Forms
- Prefixes & Suffixes
- Word Examples Using Word Parts
- Information Frame
- Spell Check Tips
- Review Exercises

Medical Terminology Module 3

Nervous System and Tumors

- Word Root/Combining Forms
- Prefixes & Suffixes
- Word Examples Using Word Parts
- Information Frame
- Spell Check Tips
- Review Exercises

Medical Terminology Module 4

Digestive System

- Word Root/Combining Forms
- Prefixes & Suffixes
- Word Examples Using Word Parts
- Information Frame
- Spell Check Tips
- Review Exercises

Medical Terminology Module 5

Muscles, Bones and Joints

- Word Root/Combining Forms
- Prefixes & Suffixes
- Word Examples Using Word Parts
- Information Frame
- Spell Check Tips
- Review Exercises

Medical Terminology Module 6
Male Reproductive and Urinary Systems

- Word Root/Combining Forms
- Prefixes & Suffixes
- Word Examples Using Word Parts
- Information Frame
- Spell Check Tips
- Review Exercises

Medical Terminology Module 7
Female Reproductive System, Obstetrics and Neonatology

- Word Root/Combining Forms
- Prefixes & Suffixes
- Word Examples Using Word Parts
- Information Frame
- Spell Check Tips
- Review Exercises

Medical Terminology Module 8
Eye, Ear, Respiratory System and Special Senses

- Word Root/Combining Forms
- Prefixes & Suffixes
- Word Examples Using Word Parts
- Information Frame
- Spell Check Tips
- Review Exercises

Medical Terminology Module 9
Directions and Regions of the Body

- Word Root/Combining Forms
- Prefixes & Suffixes
- Word Examples Using Word Parts
- Information Frame
- Spell Check Tips
- Review Exercises

Medical Terminology Module 10

Pathogenic Organisms, Endocrine System and Medical Specialties

- Word Root/Combining Forms
- Prefixes & Suffixes
- Word Examples Using Word Parts
- Information Frame
- Spell Check Tips
- Review Exercises
